Aadhaar Card Cannot Override Medical Evidence on Age, Rules Madhya Pradesh High Court

Sheikh Rayees • November 11, 2026

PUBLISHED REPORT

The Madhya Pradesh High Court has clarified that an Aadhaar card cannot be treated as conclusive evidence of a person's age, holding that a postmortem report supported by medical assessment can carry greater evidentiary value when the two records differ. Justice Amit Seth made the observation while deciding an appeal seeking higher compensation for the parents of a 13-year-old boy who died in a road accident in December 2019. The...
