Consumer Commission Orders Accurate Pricing for Undersized Shop

Editorial Team • September 19, 2026

PUBLISHED REPORT

India's national consumer commission has directed the Lucknow Development Authority to determine the actual identity and dimensions of a disputed commercial shop before calculating its final price. The purchaser was allotted a 12-square-metre unit but received possession of premises measuring approximately eight square metres. An inspection indicated that two shop numbers may have been interchanged before possession was delivered. The commission partly...
