Court Draws the Line

AI, Virtual Lessons No Match for the Law Classroom

Sheikh Rayees • June 17, 2026

PUBLISHED REPORT

The Madras High Court has underscored the irreplaceable role of traditional classroom teaching in legal education, ruling that artificial intelligence tools and online learning platforms cannot stand in for qualified lecturers or the experience of attending classes in person. The observation came while a Division Bench set aside an earlier order that had granted relief to three law students who were barred from appearing for examinations due to insufficient attendance....
