Patna High Court Rules Breath Analyzer Test Insufficient for Proving Alcohol Consumption

Sheikh Rayees • February 20, 2025

PUBLISHED REPORT

The Patna High Court has ruled that a breath analyzer test alone cannot serve as conclusive evidence of alcohol consumption, setting aside an FIR filed under the Bihar Prohibition and Excise Act, 2016. A bench led by Justice Bibek Chaudhuri made this determination while hearing a case against Narendra Kumar Ram, who was arrested in May 2024 after an excise team claimed he was intoxicated based on a breath test...
