Supreme Court Stands Firm No Advantage for Husband Who Destroyed His Own Marriage

Sheikh Rayees • September 3, 2024

PUBLISHED REPORT

In a recent ruling, the Supreme Court took a firm stance against the mechanical and insensitive handling of a divorce case, where a husband sought to benefit from the breakdown of his marriage—a breakdown for which he alone was responsible. The case revolved around a marriage that unraveled shortly after the birth of a child, with the husband abandoning his wife and child. He filed for divorce on the grounds...
